

Blockchain and Crypto: A Niche Beyond the Hype

 Tue, March 25,
19:00-20:00 EET
Kyiv

In this talk, we'll explore key questions that look beyond the buzz:

- * Has blockchain technology reached its limits as a payment system and platform for everyday micropayments?
- * Is there more to blockchain than just cryptocurrencies?
- * What intriguing research challenges does this field offer for mathematicians and computer scientists?
